NAVIGATING OHIO'S WORKERS' COMPENSATION TERRAIN

CompManagement's annual Ohio state fund half day seminars have been scheduled to take place in May 2012. Once again this year, our primary focus is to assist our clients with securing safety credits as required by the Ohio Bureau of Workers' Compensation (BWC) for participation in a group rating or group retrospective rating program.

Agenda

BWC Updates

Updates related to the BWC over the past year, including new programs such as Destination Excellence and Workplace Wellness Grants, changes to existing programs and compatibility, and other pertinent information.

Accident Investigation

Discussion of the key components to an effective accident investigation and in an ever growing age of social media, learn how to effectively use technology to assist in the accident investigation.

Implementing a Workplace Wellness

Program

Learn how to integrate a wellness program into your workplace from an occupational perspective as employers continue to face the challenges of how obesity, chronic disease, and the aging workforce are impacting the areas of return-to-work, frequency of claims, and cost of claims for workers' compensation. Session also includes information on BWC Workplace Wellness Grants.

Safety Committees

How safety committees not only create awareness, but also involve employees in the decision-making process, earning their respect and increasing commitment to your company's safety and health goals.

CEUs & Safety Credits

CompManagement's program has been approved by the following organizations and we will provide a "Certificate of Attendance" to each attendee:

- Accountancy Board of Ohio – 3.5 CEUs
- Board of Examiners of Nursing Home Administrators – 3.0 CEUs
- HR Certification Institute – 3.5 general recertification credits
- BWC Safety Council external credits (maximum 2 per year)
- BWC 2-Hour Safety Requirement*

* For those employers currently participating in a group rating or group retrospective rating program that have had a claim in the past two years. CompManagement will report attendance directly to BWC for compliance purposes. The 2-hour requirement needs to be satisfied by June 30, 2012 for private employers and December 31, 2012 for public employers.
